A WRONG DIAGNOSIS.
How many have parted with our loved ones by someone's mistake? How many have parted with their eyesight or find it permanently injured by a wrong diagnosis of the defective conditions? How many are wearing glasses improperly fitted and thus injuring the most precious sense that God gave them? Mistakes in most things can be corrected, but eyesight can never be restored.

NEGRO CHARGED WITH DEATH OF TWO OFFICERS IS ON TRIAL
La Junta, Colo., Aug. 7.—Bob Harris, the negro who is charged with having killed chief of police Craig and night marshal Jake Klipper of Rockyford, early in July, was placed on trial this morning. The entire morning was spent in excusing 25 jurors who are now residents of the new county of Crowley, this being done to avoid any legal complications which might result.

TRADING IN STOCKS DULL AND MARKET IS LISTLESS

Report of St. Paul Road Is Used as Basis of Fresh Attack on Prices.

New York, N. Y., Aug. 7.—Trading fell off in a marked manner before noon and the level reached on the rally of the first hour was only partly maintained. The character of the support offered to certain issues was impelled by considerable short covering, after which the market settled down to a period of dull expectancy and became heavy again at midday.

On the curb Standard Oil fell to within a point of last week's low point on offerings of 150 shares.

Bonds were easy.

The annual report of the St. Paul road, showing a deficit of \$3,800,000 after payment of fixed charges and dividends, was used as the basis of a fresh attack on prices from which the list recovered with surprising vigor, but the market grew increasingly dull, business diminishing to merely nominal proportions.

The market closed strong. Buying, coupled with short covering, sent prices to the top level of the day in the final hour. The special features of strength were the Hill and the Harrison stocks, Reading, Illinois Central, St. Paul, Amalgamated Copper, American Smelting, United States Steel, American Beet Sugar and General Electric.
